## Mission

**We are committed to bringing hope and health to our communities, one life at a time.**

At OBHAW we believe that a collaborative, whole-person approach to behavioral health care will help people in our communities to heal. Our team is dedicated to helping every individual find a path to healing that fits them. Our mission guides our organization in seeking out and continuing services and programs that help bring hope and health to each person within our communities.

## Values

OBHAW is a values-driven organization. This means that our organizational decision making and our day-to-day behaviors are guided by an ingrained sense of values. Our team believes that our work should be guided by these principles:

- Do the Right Thing
- Respect Dignity
- Excellence in Everything
- Empower People
- Celebrate Success
